

sabre® *WING*

Meet the First Wing-Specific Blade on the Market.

Wing plowing made easy! The **Sabre® WING Blade** by Evolution Edges is a revolutionary one-of-a-kind solution designed to improve carbide cutting edge performance when wing plowing.

WING BLADE KEY FEATURES:

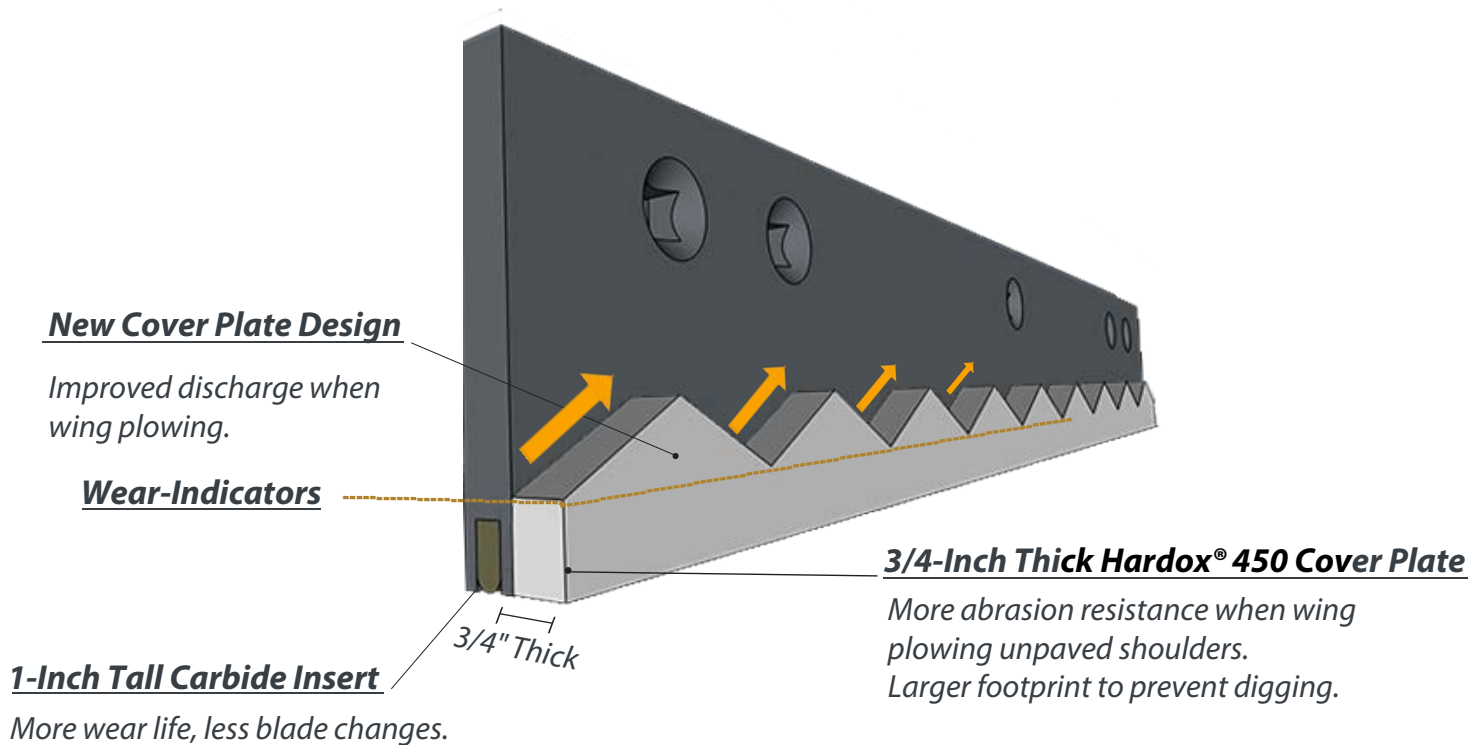

- **3/4-Inch Hardox® 450 Cover Plates**
2x the thickness of traditional Sabre blades.
- **1-Inch Tall Carbide Inserts**
33% more carbide than the Sabre HD 3/4-inch insert.
