

A DIVISION OF CHEMUNG SUPPLY

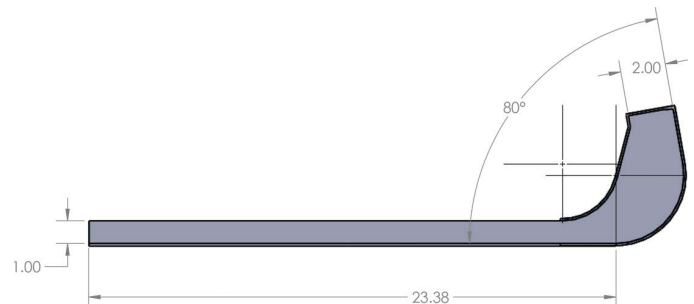

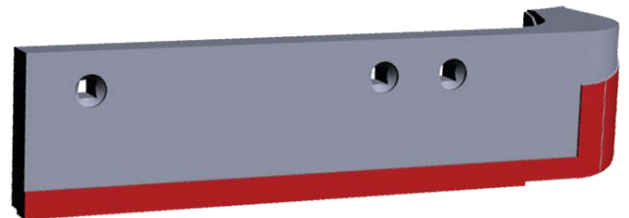

CURB ARMOR™ CARBIDE CAST CURB GUARD

The **Evolution Edges Curb Armor™** heavy duty curb guard is made of a continuous molded piece of special formulated carbide with one of the longest curb guard trailing edges offered on the market today.

SPECIFICATIONS

- Heavy-duty carbide cast curb guard for enhanced durability
- Proprietary hard surfacing weldment of 1/2" on curb guard facing
- Reinforced bottom wear plate, 23.5" long, designed for extended longevity
- 1.0 inch thickness, doubling the contact surface with the road
- Continuously rounded corners to minimize snow spray and stone fragments from entering opposing lanes

Innovation with an Edge™
