

CUSTOM-MADE RUBBER CUTTING EDGES

We manufacture 1 ½" x 8" and 1 ½" x 10" rubber snow plow blades with slotted holes of 1" x 3 ½" supplied standard. A rubber snow plow blade ensures the protection of those surfaces that you just cannot trust to be cleared using steel or carbide plow blades. We will custom manufacture overall blade length, hole punch dimensions and punched pattern on your rubber snow plow blades per your specification.

Rubber Blades

Item Number	Description	Manufacturer
ERBL8A000000002	BL-RBR 1.5X8X96	3-3-12
